**INTRODUCTION**

**THE RESOURCEFUL VINCENTIAN** is a resource book for SVDP members designed to assist them to recognize the deeper needs of the individuals and families they visit and to lead them to effective community resources. It focuses on situations most frequently encountered by Vincentians and offers a description of effective resources designed to deal with them.

The traditional strength of Vincentian helping has been its ability to bridge the gap between the needs that surface on the grassroots level and the various community service providers. Effective referrals are always more than a matter of giving someone a name and address. Vincentian helping implies:

1. **Relieving immediate need.**
   Any immediate emergency situation has first been addressed.

2. **Establishing a trusting relationship.**
   A relationship of trust and confidence has been established with the individual or family in need.

3. **Identifying the problem accurately.**
   The problem underlying the crisis has been identified.

4. **Locating appropriate resources.**
   A resource responsive to the need of the family has been found and contacted.

5. **Offering on-going support.**
   On-going support and encouragement is offered by the Vincentians so that the family continues to make use of the resource.

The problem with any directory is that information contained in it is constantly changing and needs regular updating. Please inform the Council Office of any corrections to this information. Additional information on community services and updates can also be obtained from the following sources:

**211 MILWAUKEE**

24 hour information and referral number available to people who need information about family, health, and social services in Milwaukee County. Trained community resource specialists assess a caller’s situation and provide them with information or directly connect them to community agencies that address a wide range of needs including food, shelter, parenting and family concerns, health care, substance abuse, basic needs, and other social service issues. This line is the main number in the County if callers want to know where to get help for a wide range of social service needs. The database includes over 2,000 agencies. Callers can easily access the line by dialing 211 or 1-866-211-3380.

The 211 complete resource directory can be found on their website free of charge at [impactinc.org](http://impactinc.org)

**COUNCIL OFFICE SERVICES**

**ACCOUNTING/BILLING**

The Central Office accounting staff can be consulted regarding any questions concerning conference finances, store invoices, and fiscal management. Training is offered on these topics, both individually and as groups.

**INTAKE**

For almost as long as the Society has been active in Milwaukee, people have sought contact with the organization through a central number. People in need, of course, frequently contact Vincentians through their parish rectory. Just as many either do not know how to contact Vincentians, or decide not to do so through normal church channels. The Central Office has been an integral part of the Society in Milwaukee for more than 50 years.

The Society receives about 9,000 calls for help every year through the Milwaukee Central Office. Although councils in many cities simply tell callers to call the nearest parish conference, the Council of Milwaukee has always done a “pre-interview” with the callers to determine the extent of their need and review their individual circumstances before making referrals to conferences.
Records are kept of conference “boundaries” and conference policies. This is then stored for future reference primarily in computers. The automated filing system allows for faster retrieval and accuracy. Daily written referrals to conferences are generated automatically and are consistent with their written policies.

Conferences benefit from the Central Office in the following ways:

1. **Referrals** Conferences receive written referrals with the basic information on the family, income and presenting problem. This assists the visiting team to know something about the family even before their home visit. The intake staff can help the family understand the extent of help that might be offered by the conference serving them and make referrals to other agencies when appropriate. Periodically, the Central Office surveys conferences to verify the specific area which they serve and their policies on all the requests that come to them. The office goal is to be 100% accurate in referring people to the proper conference if the conference has indicated it is willing to address the specific need expressed.

2. **Case Clearing** Over 135,000 case contacts are contained in our computer. This information is available to conferences by calling our intake staff. They can immediately determine whether there have been past contacts with a particular individual or family and lead the inquiring Vincentian to the conference most recently active on the case. Vincentians can improve this service themselves by providing information back to the office, particularly the names of persons they visit who have complex or troubling circumstances, so that other Vincentians may be properly advised in their future dealings with them. The inter-parish Vincentian network is strengthened by this service.

3. **Planning** Computerized client information allows staff and council leaders to accurately monitor client and conference activity. The long range benefit of caseload summaries is that trends can be identified accurately and planning can take place to meet new and changing needs of people. Staff is able to keep track of the number of people who call for assistance and project the future impact on individual conferences. The Needy Conference Board also uses this information in its efforts to distribute funds equitably among the ever increasing number of conferences who request help from this fund.

**CASE CONSULTATION**

Vincentians who want to discuss their cases are encouraged to call the Central Office. Case consultation services are provided to Vincentians who request such help. The goal of this service is to assist Vincentians in deciding how best to assist an individual or family with whom they are working. Staff members will not take over cases from Vincentians. Instead, they will work closely with them to insure that the best possible plan is developed.

Case consultation is done both over the telephone and in the Central Office. During case consultation, a staff person will carefully go over the following:

1. **A review of the basic facts** in the case including the individual or family’s name, address, number and ages of children, religious affiliation, income source, and the type of assistance that is being requested.

2. **Background information** concerning the factors which led to the individual or family’s current situation.

3. **Steps already taken** by the individual or family to resolve their situation. This includes any resources they have tried themselves.

4. **A review of the basic budget** of the family or individual in order to determine if there might be a budgeting problem. This would include suggestions on how to gather this sensitive information and follow up referrals if budgeting problems are identified.

5. **Procedures** of various community agencies and programs that may impact on the individual or family’s situation.

6. **Clarify what the conference would like to do** in regard to the case. Does the conference want to assist the family financially?

7. **Review of any other possible resources** or referrals in the community that may benefit the individual or family. This will include addresses and telephone numbers for the Vincentians to give the individual or family.

8. **Clarify what role, if any, the conference would like the Central Office to play.** Would they like to discuss the case with a staff person to further assess the case? Would they like the Central Office to assist the conference with cost sharing?

9. **Review the plan** that has been developed with the individual or family in order to stabilize their lives.

10-16-18
10. Help the conference determine the type of follow up that will best assist the person visited.

TRAINING - CONFERENCE/VINCENTIAN DEVELOPMENT

The Central Office staff places a high priority on developing training programs for Vincentians. The goal of this service is to assist Vincentians to become better helpers. Staff realizes that members have many concerns related to their Vincentian work and believes that training will help them feel more confident in their role.

Vincentians actively participate throughout all training sessions. Programs are designed and presented by a training team consisting of staff members and Vincentians. All training is set up to respond to the needs of the participants and can be arranged at various locations and times. Training can be held at conference, area, or council meetings. Members are always welcome to hold training programs at the Central Office.

Resource materials and audio-visual equipment are available at the Central Office to enhance the training offered. Conferences may also use this equipment and material for on-site training. A-V equipment includes a *VCR, *Overhead projector, and a *PowerPoint projector. There are both written training booklets and materials and videotapes on a variety of subjects and specific helping skills related to spirituality, home visits, conference life and annual reports. Training is offered at various levels:

INDIVIDUAL LEVEL

On an individual basis, various ways can be explored to help a Vincentian improve his/her helping skills in knowing how:

* to make better home visits
* to go beyond the crisis visit and get to know the person/family
* to be sensitive, yet assertive
* to not take over responsibility for the people visited
* to problem solve with those we visit
* to deal with feeling overwhelmed by other’s problems
* to offer additional resources

CONFERENCE LEVEL

Training also takes place at the conference level to meet the needs of the members. Careful planning takes place with the conference members to arrange training from which members will most benefit. In addition to the above topics that can also be addressed at conference meetings, some additional areas of concern might be:

* how to recruit new members for the conference
* helping a conference determine its role in the parish
* how to reach the poor
* how to resolve conflicts that might arise between members
* how to role play visits to increase members’ confidence

AREA/COUNCIL MEETINGS

Staff and Vincentians also offer trainings at both area and council meetings. This is a good way to reach a variety of Vincentians who may not otherwise have the opportunity to attend scheduled training workshops. Some additional topics that could be covered at these meetings might be:

* how to network better with neighboring conferences
* how to deal with Vincentian burnout
* how to participate in the leadership of the Society while remaining a conference member
* how to really listen to someone and share in their life story

SCHEDULED VINCENTIAN FORMATION SESSIONS

Vincentian formation sessions and topical workshops are presented on a regular basis to provide Vincentians with the basic knowledge and skills to do quality Vincentian work. A considerable amount of planning goes into developing these programs to guarantee that they are relevant, interactive and interesting to Vincentians.

Sessions will usually include the following topics:

* a history and structure of the Society
* the conference meeting and the role of officers
* how to interview people and make good home visits
* Central Office and community resources
* the key role of spirituality in a Vincentian’s life
The Central Office staff is committed to providing Vincentians with quality training programs and encourages all members to make use of this valuable service.

**SVDP MEAL MINISTRY**

Serving nutritious meals since 1983, SVDP meal programs provide hot meals, friendship, and spiritual support to people. Volunteers, predominantly from the religious community, make the food and serve the guests in an atmosphere of dignity and hope.

**ST. VINCENT DE PAUL STORES**

**HOW TO WRITE A GIFT CERTIFICATE FOR THE ST. VINCENT DE PAUL MILWAUKEE STORES**

_A Vincentian Guide to using the SVDP Stores to help people in need_

The St. Vincent de Paul stores in Milwaukee are a major resource to Vincentians in providing clothing and furniture to people in need. The stores employ people from our community who work hard to process and recycle used items in order to provide reasonably priced, quality merchandise to budget conscious shoppers. Conferences are encouraged to use the St. Vincent de Paul Stores and are asked to adhere to policies and procedures governing their gift certificates.

---

**CONFERENCE GIFT CERTIFICATE POLICIES & PROCEDURES**

1. Write the conference name/address on top of the certificate along with the date it is issued.
2. Make sure the store address is written on the certificate.
   - Lincoln Ave. Store – 2320 W. Lincoln Ave - Phone (414) 672-2040.
   - Greenfield Store- 4476 S. 108 St- Phone (414) 377-9077
3. PRINT the family’s last name, first names, and address clearly.
4. For BEDS: See **SPECIAL NOTE ON BEDS** (below).
5. For ALL OTHER FURNITURE: Write out quantity/description of furniture to be given. Specify the maximum value of EACH ITEM
   - Example: ONE SOFA – MAX VALUE $150.00 – one-hundred-fifty
   - (See Furniture Price List for maximum value guidelines.)
6. For CLOTHING/BEDDING: Write the type of items and the maximum value of the gift certificate. **Examples:** CLOTHING NOT TO EXCEED TWENTY-FIVE DOLLARS AND BEDDING NOT TO EXCEED THIRTY-FIVE DOLLARS. (See Bedding/Window Coverings Price list for maximum value guidelines.)
7. DO NOT SKIP LINES. Cross out the unused portion of the certificate.
8. Sign the certificate; a minimum of first name and last initial.
   - (Since the Rule requires visitation in pairs and disallows single visitation, both visitors should sign the certificate.)
9. Only original gift certificate forms will be accepted. Copies will be refused.
10. Explain the **Recipient Regulations** to the person visited.
11. **Conferences are billed monthly for 50% of the retail price of all new and used goods excluding new box springs, mattresses, and frames which are billed at cost.**
RECIPIENT REGULATIONS

1. Certificate expires **60 days** from date of issue.
2. Certificates are filled **based upon availability**. A **rain check** will be issued for those items not available at the time the certificate is filled, which will expire 60 days from the date of issue. Only one rain check is issued per customer. **No substitutions are allowed.**
3. Please call the store to check on the availability of items before going to pick them up.
   - Lincoln Avenue Store – (414) 672-2040
   - Greenfield Store - (414) 377-9077
4. **No refunds**, cash or otherwise, will be given for any remaining balances.
5. Gift certificates can be filled Monday - Saturday during the following hours:
   - Lincoln Store- 10am – 5pm or Greenfield Store- 9am - 8pm, Sunday 12pm – 4pm
6. As recipient of the merchandise, you are responsible for its transportation from the St. Vincent de Paul Thrift Store. Merchandise must be taken the same day the purchase is made. **Come prepared to take the items with you, or, you may pay for store delivery.**
7. SVDP assumes no liability for persons or companies with whom the recipient contracts for transportation of the items.
8. **Come with identification; it is required to redeem merchandise.**
9. Store personnel will assist in loading merchandise into customer’s cars. However, we are unable to assist in loading on top of vehicles or any other circumstance which could cause physical injury or property damage.

Special Note
It is the conference’s responsibility to write out clearly the numbers for each item on the certificate - i.e. **one double bed complete**, **not 1 double bed complete**; **thirty dollars in clothing - not 30 dollars in clothing**. The store will not be responsible for forged certificates when numbers are not written out in their entirety. Conferences will be charged for any additional items if the voucher is not written correctly.

TAKE NOTE
- The furniture prices are for average quality merchandise. Some items donated to the Society are of superior quality and may exceed the above prices substantially.
- Make sure that at least the first name and last initial of the two visitors are on the certificate.
- If the conference does not indicate a maximum value, the store will assume the average values (as listed above) as what the conference will allow.

SPECIAL NOTE ON BEDS
- IT IS NOT NECESSARY TO WRITE THE COST ON THE GIFT CERTIFICATE FOR BEDS. Of course, the customer may upgrade at their own expense, the same as with all other voucher purchases.
- IT IS ALSO IMPORTANT THAT CONFERENCES CALL OR HAVE THE INDIVIDUALS THEY HELP CALL THE STORE AT Lincoln (414) 672-2040 or Greenfield (414)377-9077 TO CHECK THE AVAILABILITY OF MERCHANDISE BEFORE GOING TO THE STORE TO PICK UP THE ITEMS.
NOTE ON USED APPLIANCES
The St. Vincent de Paul stores no longer carry major appliances. As a convenience, the following Milwaukee appliance stores have all been utilized by Vincentians over the years. Please call them directly to verify availability and prices of appliances for your families. It is important to note each conference needs to call these used appliance stores in order to make billing arrangements and establish an account before issuing gift certificates.

RAIN CHECKS
If a certificate holder comes to the store to redeem the certificate and there is nothing suitable for them (as defined on the certificate), they are issued a “rain check” which extends the certificate for another 60 days. Similarly, if multiple things are listed on a certificate and only some things are available, a rain check will be issued for the remaining items, again for 60 days from issue. Only one rain check per gift certificate

Revised 11-2017

ABUSE CHILD
Reported cases of abuse and neglect have more than doubled in recent years in Milwaukee County, yet studies show that less than half of the cases of abuse and neglect are discovered. Vincentians are in a unique position to identify children who are victims of such abuse and neglect.

Child abuse includes:

PHYSICAL ABUSE - injuries from shaking, beating, striking, and/or burning.
PHYSICAL NEGLECT - failure to provide basic necessities; food, clothing, shelter, medical attention, or proper supervision.
SEXUAL ABUSE - exploitation of a child for any sexual gratification; rape, incest, exhibitionism.
EMOTIONAL ABUSE OR NEGLECT - failure to encourage a child’s normal development by support, love, and affection.

Wisconsin law protects you from civil or criminal suit for reporting in good faith a child neglected or abused. Your name may not be revealed.

HERE’S WHAT TO DO:
1. In Milwaukee County, call the BUREAU OF MILWAUKEE CHILD WELFARE at 220-7233.
2. Give the name, address, and phone number of the person who you believe is abusing the child.
3. If you saw the abuse, state when and where it happened.
4. Describe the injury if you saw it (include size, color, and type of injury).
5. If you know any information about the family that might be helpful, give it to the worker.
6. Tell them if the child has received medical care for any injuries.
7. Give your name and phone number if you feel comfortable doing so. They may need to contact you if they have difficulty locating the person you reported. Remember, you may also report anonymously.
8. The Bureau investigates reports of abuse/neglect and takes the necessary action(s) to insure the child’s safety.

10-16-18
HERE'S WHAT WILL HAPPEN:
INVESTIGATION - All reported cases of child abuse and neglect must be investigated. If the child’s life or health is endangered, he/she may be removed from the home.
SERVICES - If the investigation shows true neglect or abuse, services are made available to the family, such as case- work, parent education, self help groups, financial, or marital counseling.
COURT - In some cases, juvenile or circuit courts may intervene, especially if the child’s injuries are severe and parents are uncooperative. Its decisions may range from temporarily or permanently removing the child from the home, to ordering a family counseling program. Circuit Courts can put the abuser on probation or incarcerate him/her.

CHILDREN’S HOSPITAL OF WISCONSIN 266-2000
THE PARENTING NETWORK-STRESSLINE 671-0566

Provides phone support, advocacy, and resource referrals for parents and care givers about parenting issues. Also has information on parent support groups.

SEXUAL ASSAULT TREATMENT CENTER 219-5555
Sinai Samaritan Medical Center 945 N. 12 St. Milwaukee WI 53233

24 hour center for victims of abuse and sexual assault. Offers information, referral services, and medical treatment for victims of all ages, male or female.

SENior Citizens
Statistics show that 4% of seniors in the United States are victims of abuse in some form. This can be PHYSICAL (actual hitting), MATERIAL (person is forced to sign something or turn something over to another against his/her will), NEGLECT (person is either neglected by the care giver or neglects his/her own care), or VERBAL (person receives verbal harassment from the primary care giver). Vincentians should be aware of the following resources when encountering a situation of elder abuse.

Aging Resource Center 289-6874
235 W. Galena Street TTY/TTD 289-8591
Monday-Friday, 7:00 am - 7:00 pm

Operated by Milwaukee County Department on Aging. Voluntary reporting system accepting calls from abused persons, abusers, and concerned observers. Staff workers assess the situation and make referrals for treatment and follow up. (Abuse may be reported 24 hours a day.)

WOMEN
Battering of women is considered to be the most common unreported crime in America today, occurring in the suburbs as well as the central city, among all incomes, racial, and religious groups. It involves physical assault, often with a dangerous weapon, and is a serious crime under the laws of every state.

Battering usually follows a pattern, with a minor event triggering an unreasonable anger, sometimes, but not always, connected with alcohol or drug abuse. Where a pattern of battering is established, the problem generally increases in severity and can be life threatening unless those involved get help. Here is what an abused person needs to do:
1. GET AWAY - An escape route should be planned, along with a place where the woman (and her children) can take refuge.
2. **CALL THE POLICE** - Victims or witnesses of abuse should report each case of battery to the authorities.

3. **GET MEDICAL ATTENTION** - Neglected injuries can cripple or kill. It is often necessary to have medical evidence of batteries to further legal protection.

Since 1980, the Domestic Abuse Act has been in effect in Wisconsin, authorizing a judge to issue a temporary restraining order to an abusive or potentially abusive person requiring that person to avoid the premises of another.

The City of Milwaukee has a mandatory arrest policy which requires that in all cases of domestic violence where there is probable cause, an arrest must be made and a warrant is not needed. It proposes to deter future acts of domestic violence and reduce potential injury to police officers. When an arrest is made, or an individual has been ordered to appear in the District Attorney’s office, the Milwaukee police officer calls the Sojourner Truth House 24 hour hotline from the location of the arrest with information about the victim and offender, and then turns the phone over to the victim. The staff can then talk with the victim right after the battery and advise her. Men can also be the victims of domestic abuse, although the statistics for them are lower than for women. The police, shelters, and district attorney’s office all work together to effectively address the needs of the victims and offenders. The following programs are useful resources in our community for battered women.

---

**All Shelter requests should go through 211.**

**SOJOURNER PEACE CENTER**
1300 S. Layton Blvd
Milwaukee, WI 53125

10-16-18
ADVOCACY/CONSUMER PROBLEMS

People often slip through the cracks when dealing with large, bureaucratic organizations. The need for advocacy services often becomes apparent to Vincentians when they try to work with someone who seems to have been “short changed” by the system. The agencies below are knowledgeable about consumers’ legal rights and recourses and assist them in resolving their problems.

AGRICULTURE, TRADE, AND CONSUMER PROTECTION AGENCY
1-800-422-7128
10930 W. Potter Rd., Suite C
Milwaukee WI 53226-3450

Wisconsin’s primary consumer protection agency. Informs consumers of their rights and remedies. Top consumer complaints concern rental housing, home improvement, and auto repair problems.

BETTER BUSINESS BUREAU
847-6000
10101 W. Greenfield Ave.
West Allis WI 53220
Consumer information, reports on companies and organizations, advice, and counseling on consumer problems and complaints.

COMMUNITY ADVOCATES
449-4777
728 N. James Lovell St
Milwaukee WI 53233
A complaint resolution center offering assistance with problems concerning government, landlords, welfare, utility companies, health services, homelessness, travelers aid, etc.

COMMUNITY INSURANCE INFORMATION CENTER
700 W. Michigan Ave. 291-5360
Milwaukee WI 53233
Provides information, help, and referral for any insurance problem. The center is equipped to handle any questions and complaints related to all lines of insurance.

ALCOHOL & DRUG ABUSE

Alcoholism and drug abuse are two of America’s largest health problems affecting a large percentage of the adult population. Both alcoholism and drug abuse are addictive diseases and often involve a long denial process by both the person afflicted and the family affected. To break free of the addiction of alcoholism or drug abuse requires a structured treatment program. There are numerous resources in our community to assist individuals who are alcohol or drug dependent.

ALCOHOLICS ANONYMOUS
771-9119
7429 W. Greenfield Ave.
West Allis WI 53214
Meeting for alcoholics who want to be sober. Conducts group meetings and provides information on treatment alternatives. No fees. Also operates a 24 hour hotline.

AL-ANON FAMILY GROUPS & ALATEEN
257-2415
6737 W. Washington Street Suite 2154

Disasters are defined as acts of nature (storms, tornados, floods, fire, etc); needs which the victims cannot alleviate without assistance. The Society of St. Vincent de Paul locally and nationally has a written statement of understanding with the American Red Cross, both for major and minor disasters. The Red Cross is recognized as having primary responsibility and authority for assistance in disasters. Through their trained volunteers and staff, they have 24 hour capability of stabilizing family situations of victims of fire and other disasters by providing food, clothing, furniture, emergency shelter, and counseling.

Often, Red Cross makes follow-up referrals to the Society to supplement what they gave on an emergency basis. Before assisting a family affected by fire or other disasters, Vincentians are urged to follow these three steps:

1. Make a referral to the Red Cross if the victim of a disaster has not yet been in contact with them;
2. If the Red Cross is already active, check with the Red Cross caseworker (or have the SVDP Central Office make the contact);
3. Confirm that assistance to be given does not take the place of or duplicate any Red Cross help.

The emergency food needs of individuals in need can often be handled by the St. Vincent de Paul Conference in their area. However, there may be times when it is not possible to respond to the food needs of all those needing help. At these times, individuals can be referred to the following sources:

FOODSHARE WISCONSIN

(Formerly the Food Stamp Program)

FoodShare Wisconsin replaced the Food Stamp program in Wisconsin on October 15, 2004. Benefits supplement the food budget of many families on limited incomes in order to buy the food they need for good health. People who experience a temporary reduction or loss of income, as well as those who are dependent upon financial assistance programs may be eligible. St. Vincent de Paul members visit families every day who are potential recipients of FoodShare, but do not know about the program or about their eligibility. Vincentians can perform a valuable service by letting such people know about the program and encouraging their application.

Any low-income household can receive FoodShare, unless they are specifically prohibited. A household is all persons living together, related or not, who purchase and prepare their meals together. With some exceptions, able-bodied adults between 16 and 60 must register for work, accept suitable employment, and take part in an employment and training program to which they are referred by the FoodShare office. Able-bodied adults between 18 and 50 who do not have dependent children living with them can get FoodShare benefits for a limited time, if they don’t work or participate in a workfare or employment and training program other than job search.

Applications can be made at a W-2 Agency, a Department of Human Services Financial Assistance office (1220 W. Vliet St. or 1020 W. Mitchell St.), a local Social Security Administration office if the person gets SSI or at various outstations. There is also a web address to determine if someone might be eligible for benefits. The site is http://access.wisconsin.gov/access/. For a final decision about benefits, the person has to apply in person at an application site.

FOR INFORMATION ON APPLICATION SITES AND OTHER INFORMATION REGARDING FOODSHARE, CALL THE 211 MILWAUKEE LINE at 211.

FoodShare benefits are deposited monthly in a participant’s account using an Electronic Benefits transfer (EBT) system, and are spent using a debit card called the WISCONSIN QUEST card. These transactions look like any other debit card transaction and are free to the cardholder. Information on this can also be obtained through the 211 Milwaukee Line.

WHAT TO BRING
1. Proof of identity, such as paycheck stubs, driver’s license, birth certificate.
2. Proof of residence.
3. Social Security number for everyone applying for benefits.
5. Proof of monthly income of all household members, such as paycheck stubs, letters from Social Security, Unemployment Comp., etc.
6. Proof of housing costs, such as rent or mortgage receipt, utility bills, etc.
7. Proof of monthly out of pocket child care expense.

INCOME LIMITATIONS
Eligibility for FoodShare benefits is a complex computation based upon income, assets, allowable deductions, and certain other non-financial factors. Total household income is used to determine eligibility. If gross monthly income is less than listed below, the household should be encouraged to apply. (If someone in the household is at least 60 years old or disabled, the gross income can exceed the table, and eligibility is still possible.)
FoodShare Wisconsin - Monthly Income Limits

The following income levels are used to determine enrollment in FoodShare Wisconsin. To see if you may be able to enroll, go to access.wi.gov [1] and apply today.

FPL stands for "Federal Poverty Level" which is defined by Congress each year.

NOTE: In addition to the gross income test, there is also a net income test after allowable deductions. Eligibility is not certain merely by passing the gross income test. Most households must meet both the gross and net income tests.

PRIORITY SERVICE in obtaining FoodShare benefits is available which, by regulation, must provide benefits to certain eligible applicants within seven working days following the day the application is filed. Check with your local agency.

**W.I.C. PROGRAM**

WIC (Women, Infants, and Children) is a supplemental food program for low-income pregnant or nursing mothers and infants and children up to five years of age. The purpose of WIC is to provide supplemental, nutritious food, and nutrition education and counseling at WIC clinics in order to promote the healthy development of children.

Families eligible for WIC get supplemental milk, formula, eggs, juice, cheese, and dried beans each month. They also receive health screenings and advice from registered dieticians on nutritious meals with low cost foods.

For information regarding application sites, call the 211 MILWAUKEE LINE at 211 or 1- 800- 722- 2295.

EVICTION PROCESS

Often people assisted by the St. Vincent de Paul Society talk about receiving an eviction notice from their landlord. Usually what they have received is actually a notice of termination. Some landlords lead their tenants to believe that they can simply give notice and lock them out of their apartment or shut off the utilities. The removal of any month-to-month tenant is illegal by any means other than the one stated below:

1. TERMINATION NOTICE: Written notice of 28 days must be given to the tenant if no terms of the rental agreement have been broken. 14 days is all that is required if there have been violations of the rental agreement. A 5-day Quit or Pay Rent Notice can be given for failure to pay the monthly rent.
2. A SUMMONS can be delivered to the tenant if he/she fails to move in provision with the termination notice and served by the Sheriff’s Department to appear within 5-17 days later to a hearing.
3. A JOINDER hearing is called with a court official, landlord, and tenant. If the tenant has a legitimate claim, a trial may be scheduled. Usually the tenant does not appear or has insufficient evidence why eviction should be delayed, and the case is decided in favor of the landlord.
4. A WRIT OF RESTITUTION is sent to the sheriff to be carried out within 11 days, giving him/her power to forcibly remove the tenant and his/her belongings.
5. A 24-HOUR NOTICE is generally given by the sheriff when he/she arrives accompanied by a bonded moving company. The tenant’s possessions will be redeemable for a certain length of time before they can be sold for storage fees.

Rights of the Property Owner

1. Determine the amount of rent.
2. Set rules and regulations for the tenant.
3. Collect payment for damage to the property.
4. Sell the rental unit (but if there is a written lease, it continues to its expiration date).
5. Refuse to rent to families with children or pets.
   (Owner cannot refuse to rent to anyone based on race, religion, or national origin).
6. Inspect the premises at reasonable times and after advance notice to the tenant.

Rights of the Tenant

1. Use the rental unit in agreement with the rules.
2. Occupy the rental unit without unjust interference by the landlord.
3. Expect that the property be kept in reasonably good repair.
4. Know the name and address of the landlord and of the landlord’s legal agent.
5. Know, before renting, if there are any building code violations or unhealthy or unsafe conditions.
6. A prompt return of any security deposit (within 21 days) or a written statement listing the reasons for withholding the deposit.

**Security Deposits**

Most landlords in our community require a security deposit of tenants. Generally, it is an amount equal to one month’s rent, but there are no legal limits on the amount. Deposits are meant to cover a landlord’s loss (other than usual wear and tear), such as damage to the rental unit. To protect the tenant’s deposit, it is always good to make a check list of damage already existing in the unit when the tenant moves in, and to sign and date it. A copy should be sent to the landlord by certified mail (should proof be needed when the tenant claims the deposit).

Before moving out, the landlord should be asked to inspect the apartment. State law requires that the security deposit be refunded within 21 days (although some municipalities have a shorter period). If the landlord plans to retain any of it, he/she is required to send the tenant a written account of deductions along with the remainder of the deposit. If the tenant does not agree with the deductions, he/she can sue in small claims court for up to twice the amount retained by the landlord.

**LEGAL ASSISTANCE**

There are times when Vincentians may encounter a situation in which individuals require legal advice, but cannot afford to pay for it and don’t know where to turn. Vincentians should be aware of several excellent sources of free or inexpensive legal assistance in Milwaukee County. These agencies will attempt to assist individuals in resolving whatever legal problem they are experiencing. There are often waiting periods before any service is given.

**COMMUNITY COUNSELING RESOURCES**

**LEGAL ACTION OF WISCONSIN**
278-7722
230 W. Wells St. Room #800
Milwaukee WI 53203

Provides free legal services to low income persons and groups in such non-criminal matters as employment, housing, welfare, consumer issues, mental health, family law, elderly, Social Security, and immigration. Clients must meet financial eligibility standards. LAW does not take cases in which a private attorney would work for a percentage of a financial award made by the courts. Call for intake hours and locations.

**LEGAL AID SOCIETY**
765-0600
521 N. 8th Street
Milwaukee WI 53202

Provides free legal services (family law, unemployment, discrimination, SSI/S.D., landlord/tenant, evictions, mental health, and some consumer issues), including representation in litigation, to persons financially unable to retain private counsel. Also provides consultation to staff workers of other community agencies on the legal problems of their clients. Call for an appointment and screening.8-4:30pm.
Provides free medical services to qualifying participants. The following people are eligible to receive medical assistance: all people who receive SSI, W-2, children under 19, pregnant women, certain caretakers of children, people who are blind or disabled, and those age 65 or older. Some medical costs can be deducted from gross income to be eligible.

Applications are made at the closest W-2 agency or at a Department of Human Services Financial Assistance Office at 1220 W. Vliet St. or 1024 W. Mitchell St. If pregnant or applying for children only, applications can be made at certain outstations, including certain hospitals and health centers. For more information on the program or specific sites, call (800) 722-2295, the 211 MILWAUKEE line at 211, or contact a W-2 agency near you.

MEDICAL/DENTAL

Medical bills are frequently the cause of financial problems. Persons without adequate medical insurance may find themselves pressed to produce a large amount of money, obtain a long-term loan, or declare bankruptcy. Some of these people turn to the Society for help, but conferences generally cannot handle large medical expenditures. The following programs exist to provide at least a minimum of medical care.

MENTAL HEALTH

Like physical health, there is no sharp division between mental health and illness. Everyone seems to be in various states of mental health and often a normally healthy person may undergo emotional upset and instability. However, prolonged and severe feelings of anxiety, depression, and mood change might be indicators that professional help is needed.

Vincentians frequently come into contact with people undergoing severe emotional distress at the same time as their financial distress. When such distress makes them unable to function, Vincentians can be helpful in leading them to a doctor or professional counselor for treatment. Needless to say, helping someone realize that they might need treatment requires a great deal of sensitivity and tact. Often, other family members should be consulted and supported in their search for a solution.

Offers advocacy services for the chronically mentally ill and their families; family support groups and referral to appropriate resources. Monthly meetings; annual membership dues.

Vincentians often encounter individuals or families who have an emergency housing need. For a variety of reasons, these individuals have no place to sleep for the night. Milwaukee has a number of emergency shelters that attempt to serve this ever growing population of homeless individuals. All of these shelters offer warmth from the cold and a clean bed for the evening. There is access to emergency shelters in Milwaukee County through one number that can be called in order to determine if there is any room available at many of these shelters. With increasing requests for shelter being made at the parishes, it is a good idea to be aware of the existing shelters and the services they offer.

TRAVEL ASSISTANCE

Vincentians frequently come into contact with people who come to the parish office for assistance after becoming stranded in Milwaukee for one reason or another. The following procedure is suggested for dealing with this unique problem.

1. Obtain some form of identification so that you know whom you are helping.

2. Clear the name, if at all possible, with the SVDP Central Office (462-7837) to determine if other churches have reported assisting this person.

3. Obtain clear information about the causes of the problem. If the situation seems chronic, refer the person to an emergency shelter.

4. If travel funds are requested, clarify the purpose and wisdom of the move. Try to verify the reason for travel (if it is to join relatives out of town, call them; if it is to start employment, verify that the job is available.)

5. Greyhound Bus Lines will issue a charity discounted, non-redeemable ticket. Call Greyhound (272-2156) for more details.

UTILITY PROBLEMS

The higher costs of gas, fuel oil, and electricity make it increasingly difficult each year for people to pay their utility bills. There are energy assistance programs, which become effective each fall, that are designed to assist low-income people pay their utility bills. Often, the very people who qualify for the programs are unaware of their existence. Vincentians encountering such people can be an important link to energy assistance programs.

CONSERVATION
WE Energies offer a variety of services to help renters and property owners reduce their monthly energy usage. For more information, contact the following:

WE Energies
LOW INCOME
ENERGY ASSISTANCE PROGRAM
(administered through the Social Development Commission)

Money is available through the Wisconsin Low Income Home Energy Assistance Program (LIHEAP) on a yearly basis to assist low-income individuals and families pay for part of their heating costs. The benefit is usually a one-time payment for each heating season (October 1 through April 15). The amount of the benefit depends on the household size, income level, and heating costs. Also operates the EMERGENCY ENERGY ASSISTANCE PROGRAM for people who have no heat or have received a disconnection notice. Call for specific sites and program information.

Information can also be obtained through the 211 MILWAUKEE Hotline by calling 211.
WISCONSIN WORKS

W-2 PROGRAM FACTS
Wisconsin’s official welfare program is known as Wisconsin Works or W-2. Federal law imposes work requirements on recipients and requires that benefits be time limited. Under W-2, there is no entitlement to assistance, but there is a place for everyone who is willing to work to their ability. W-2 requires parents to work in order to receive benefits. Benefits are set according to work level, not family size. There is a five year lifetime limit on benefits, with some exceptions.

Only parents living with their children who work in a W-2 work program are able to receive benefits. All parents (even if not married) and children who are related will be part of the W-2 group. Step-parents will also be included. Only one parent in a family can have a W-2 job. Childcare benefits/deductions will be provided. To find out about child care, call WISCONSIN SHARES (W-2 Child Care program) at (888) 713-5437.

APPLICATION PROCEDURES
Persons will have to apply for W-2 at the designated W-2 agency Job Center in the area in which they live or at a Department of Human Services Financial Assistance office. Milwaukee County has three private agencies, not the County itself, that administer the W-2 program. Milwaukee County is divided into six regions. In addition, the Department of Human Services Financial Assistance offices are located at 1220 W. Vliet St. and 1673 South 9th Street. The three agencies in Milwaukee County covering the six regions are:

1) **YWCA**
   - Region 1 - 1915 N. Martin Luther King Dr. 267-3900

2) **UMOS**:
   - Region 2 – 2701 S. Chase Ave 389-6600
   - Region 4 - 4030 N. 29 Street 486-5200

3) **Maximus**:
   - Region 5 - 6550 N. 76 Street 760-6060
   - Region 6 - 1304 S. 70 Street 607-0477

These agencies are viewed as “job centers” operated on a contract basis through the State Department of Workforce Development. People will be assigned a Financial and Employment Planner (FEP) responsible for helping the person develop a self-sufficiency plan and determine their place on the W-2 employment ladder. The ladder consists of four levels of employment options, in order of preference:

1. **Job Ready** - This is a non-paying W-2 placement for persons capable of working who have worked recently. A person can be assigned to this category for the first 30 days after they apply for W-2 while they look for a job. There is no W-2 payment for persons in the job ready category

2. **Trial jobs(Subsidized Employment)** - This is a trial job with a private employer that the W-2 agency assigns to a person. This can be up to 40 hours a week. Persons in trial jobs will receive the wage paid by the employer and should receive all the benefits regular employees.

3. **Community Service Jobs (CSJs)** - This is usually a job in a community agency, private company, or at a W-2 work site. Depending on a person’s education level, it should also include a school assignment. A person can be required to work up to 30 hours a week and to attend school up to 10 hours. They may also be required to look for a job or participate in a job training program. Persons in this category will receive $673 a month.

4. **W-2 Transitional Placements(W-2T)** - This category is reserved for persons who have physical, emotional or other disabilities, problems with drugs or alcohol, who are caring for a disabled child or spouse/partner, or have other reasons why they cannot work. They may be required to work or participate in counseling, treatment or other similar activities for up to 28 hours a week and to attend school for up to 12 hours a week. Persons in this category will receive $628 a month.

10-16-18
BENEFITS
Benefits will be based on work. People will be assigned to one of three work situations based on skill levels. The goal is to move all participants to the highest level.

INCOME/ASSET LIMITS
Income must be equal to or less than 115% of poverty in order to receive benefits. Assets of $2,500 are allowable, as well as a car worth $10,000, and the home in which a person lives. A person can still get W-2 if they have earned income, social security, and child support.

EXCEPTIONS
✓ Single parents with a child younger than 12 weeks old will be excused. They will receive a monthly cash payment of up to $673.
✓ Parents with disabled children will have to participate in W-2, but the child’s disability and needs must be considered in determining when the parent will work.

CARETAKER SUPPLEMENT BENEFITS
*Parents on SSI will not be part of the W-2 program. They will receive what is called Caretaker Supplement benefits for their children. They receive $250/month for their first child and $150 a month for other children.

TIME LIMITS
Each work assignment may be limited to 3 to 6 months. There is also a limit of 24 months for each work level, trial jobs, community service jobs, and transitional placements; however, the W-2 agency may extend this. Adults can only receive benefits for 60 months (5 years) in their lifetime. Again, the W-2 agency can make exceptions based on disabilities, mental health, learning problems, or family problems.

EMPLOYMENT SUPPORTS
A major part of W-2 consists of the related support services and features designed to facilitate access to and sustain employment.

In addition the following programs may be very helpful to families on W-2, or to those not receiving W-2 who are within the income guidelines:

EMERGENCY ASSISTANCE GRANTS - families are eligible for up to $150 per person based on them experiencing an emergency due to fire, flood, natural disaster, energy crisis, homelessness or impending homelessness. Emergency assistance is intended to avoid destitution of a child and provide living arrangements for the child in a home. Families can receive help once every 12 months from this grant if the emergency is due to fire, flood, natural disaster, energy crisis or homelessness or impending homelessness.

TO APPLY, CONTACT THE NEAREST W-2 AGENCY.

JOB ACCESS LOANS
Short-term, interest free loans are available through the W-2 agency to help families meet immediate financial needs that sometimes prevent them from working; for example, like car repairs and personal emergencies. The loans can be paid back with cash and/or volunteer works. Loans are available for up to $1600.

TO APPLY, CONTACT THE NEAREST W-2 AGENCY.

Hours of Operation: 8:00 am-4:00 pm
Inspired by Gospel values, the Society of St. Vincent de Paul, a Catholic lay organization, leads women and men to join together to grow spiritually by offering person-to-person service to the needy and suffering in the tradition of its founder, Frederic Ozanam, and its patron, St. Vincent de Paul.

As a reflection of the whole family of God, members are drawn from every ethnic and cultural background, age group, and economic level. They are united in an international society of charity by their spirit of poverty, humility, and sharing, which is nourished by prayer and reflection, mutually supportive gatherings, and adherence to a basic Rule.

Organized locally, members witness God’s love by embracing all works of charity and justice. The Society collaborates with other people of good will in relieving need and addressing its causes, making no distinction among those served, because, in them, members see the face of Christ.
